

CAREBAGS FOR YOUR STUDENT!!

Dear Earlham Families,

Sometimes it may seem difficult to stay connected with your Earlham student during the academic year. Girls Incorporated of Wayne County would like to offer you an easy, affordable way to do so throughout the 2008-2009 school year.

Four times a year (Halloween, Valentine's Day, and winter and spring finals) we create care-bags to be delivered to the student dorm rooms. These bags are filled with a combination of goodies— healthy snacks, juice boxes, candy and some fun surprises. The girls we serve specially decorate each bag as part of how we teach them to become strong, smart and bold women who care for their community. By filling out and returning the form below with payment, you can be sure your student will receive one of these bags that will let him or her know you are thinking about them.

Girls Incorporated of Wayne County is a non-profit organization dedicated to providing a safe and fun environment for girls to learn to become the strong, smart and bold women needed in tomorrow's society. For over 20 years there has been a close relationship with Earlham and Earlham student volunteers. To learn more about the mission and philosophy of Girls Inc. and our programming, please visit www.girlsincwayne.org.
