

Earlham College Health Careers Advisory Committee
HEALTH CAREERS ADVISORY COMMITTEE APPLICATION

Fill in the requested information (A-G) and turn into the Health Services Secretary, Terry Shipley. You should also give the following items to each of the three faculty whom you are asking to write recommendations: A copy of this form (both sides), a copy of your transcript, and a copy of the letter requesting a recommendation. When the Health Careers Advisory Committee receives the three faculty letters,* we will write a composite letter of recommendation based on the faculty evaluations and also on Committee discussion. In the summer, when you tell us that a secondary application has been requested by a medical school, we will send this Committee recommendation. Should a medical school have its own form for recommendation we will adapt our procedure to suit their wishes.

In addition to the Committee recommendation you may, if you wish, request one or several letters from faculty members who know you well and are thoroughly familiar with your academic work. This person may be on the Health Careers Advisory Committee, but should not be one of the three faculty asked to write letters for us.
